

DAYTRIPPERS (bolton) NEWSLETTER

A parent and carer led registered charity that provides mutual support & companionship, via days out & other activities, for families that have children with disabilities.

Daytrippers(Bolton) was the brainchild of a parent 20 years ago who had 2 young children, one of whom has severe disabilities at times she found herself very isolated and struggling to get out with her children. Her vision was to provide mutual support and companionship via days out and activities for families who found themselves in a similar situation. Since then, we have become a parent and carer led registered charity. Within Daytrippers we have 6 trustees and 13 committee members all with various backgrounds and experiences. The one thing we do have in common is that we are all parents or carers of children with disabilities.
